## TO THE READER

In this book we have the names of all descendants of grandfather Christian Kropf and the record of their marriages and date of death. It has proven very interesting to me to learn about all my relatives and hope others will also find it interesting.

The record shows that at the present time there are 183 living descendants of grandfather Kropf—this takes in 5 generations.

I wish to take this opportunity to thank all who have co-operated in gathering the necessary records so that this publication might be made possible. Since there has been a lot of copy work done, there may be errors in spelling, dates, etc. These are unintentional and I would appreciate being notified when such are found.

In some cases, you will notice, fractions have been placed after family numbers. These are where marriages occurred after numbering was done, therefore, in order to put them in their proper place, they were added as fractional.

Where complete records were not available, blank spaces have been left.

In order that we might try and keep our record up to date, would ask that the head of each family notify me whenever there are births, deaths, or marriages.

"11)" means that John Kropf is the eleventh child of his father's family.

"1" means that Ina D. Kropf is the child and "2" means that Ethel is the second child etc. (See example)

"No. 38" following the name of Ina D. Kropf takes you farther on to No. 38 where you will find her family recorded, and so on through the entire work.

### SKETCH OF GRANDFATHER KROPF'S LIFE

Grandfather Christian Kropf was born in Alsace Lorraine on December 1, 1829. In 1848, at the age of 19, he left his native country to come to America, and was on the ocean for 48 days. He first settled in Ohio where he lived about a year working as a carpenter. He later moved to Lee Co., Iowa where he lived for a time. He then went with the J. J. Plank family to Davis Co., Iowa where he worked in a saw mill. It was here that his first wife and child died. No records are available concerning the first marriage, nor the name of his wife and the date of her death.

In.....he obtained an 80 acre piece of land from the government and homesteaded it. He paid \$1.25 an acre and in those days the deeds were on sheepskin. He later bought another 80 acres just across the road east of the original 80. This farm is located 2 miles south of Pulaski in Davis Co., Iowa and was the birthplace of the entire family of 20 children. The first house on the farm was built of slabs from the saw mill where Grandfather worked. In 1868 or 1869 the old slab house was replaced with a new house in which he lived until his death. At the present time the farm is owned and operated by Earl Trachsel and family.
